Project Summary

- Base Bid- RUPS Switchgear, Infrastructure and 1st RUPS

Contract Bid Options

- #1 – Provide 2nd Rotary type Uninterruptable Power Supply (RUPS)
- #2 – Provide 3rd Rotary type Uninterruptable Power Supply (RUPS)
- #3 – Provide 4th Rotary type Uninterruptable Power Supply (RUPS)

RFP Information

- RFP is scheduled to be released on July 9, 2009.
- Proposals will be due by August 10, 2009 at 2:00 P.M., Local Time.
- Proposals must be turned in at Building N213, Room 101 by the due date and time. Any proposal turned in after the due date and time will be considered late. Offerors will be required to make prior arrangements for a visitor badge for hand delivered offers.
- This solicitation will result in the award of a firm-fixed-price contract.
- The contract award will be based on the evaluation of three factors:
  - Mission Suitability
  - Past Performance
  - Price
- Price is the single most important factor. Mission Suitability and Past Performance are approximately equal to each other and when combined, are approximately equal to price.
- All submittal requirements are outlined in Section L of the RFP

RFP Information

- This solicitation is not an Invitation for Bid. There will be no public bid opening and information regarding the successful offer will not be available until after award of the contract.
- Contract Drawings, Specifications, Amendments and all RFP documents are available for downloading at the NASA Ames Business Opportunities website.

Project Site Information

- Budging and Security Requirements
- Site Access
- Lay down Area
- Temporary Utilities
